

## Bruce Naughton, M. D.

Dr. Bruce Naughton, Chief, Division of Geriatrics, Kaleida Health Systems, Buffalo, New York, was the principal investigator for the Hospital at Home Demonstration and Evaluation at this site in Buffalo. Following the demonstration, Dr. Naughton and his team have continued to provide acute care at home, collaborating with cardiologists to care for patients with congestive heart failure.

Dr. Naughton is an Associate Professor of Medicine, State University of New York at Buffalo, Buffalo, New York. His research interest include interventions to reduce the incidence of delirium in hospitalized patients and treatment of pneumonia in nursing home patients.

## Biosketch
